36. (amended) The method of claim 35, wherein said unit dose is administered into one or more coronary vessels.

37. (amended) The method of claim 35, wherein said unit dose is administered into a peripheral vein.

✓ 57. (amended) The method of claim 51, further comprising the step of administering 10 U/kg to 80 U/kg of heparin to said patient IV or IC within 30 minutes of administering said unit dose.

look antecedent basis

✓ 63. (twice amended) The method of claim 62, further comprising the step of administering 10 U/kg to 80 U/kg of heparin to said patient IV or IC within 30 minutes of administering said unit dose.

✓ 66. (twice amended) The method of claim 65, further comprising the step of administering 10 U/kg to 80 U/kg of heparin to said patient IV or IC within 30 minutes of administering said unit dose.

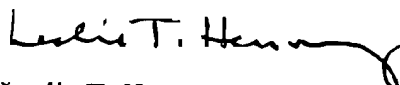

REMARKS

In the Examiner's Amendment that was mailed with the Notice of Allowance, claims 12 and 46 were amended to clarify that heparin is administered "within 30 minutes of" administering FGF-2. Claims 25, 31, 57, 63, and 66, which are also directed to administration of heparin, have been amended to recite the phrase "within 30 minutes of" for consistency. Claims 36 and 37 have been amended to clarify that the unit dose of FGF-2 is administered "into" one or more coronary arteries or "into" a peripheral vein. This amendment provides for consistency with the language recited in claim 35, on which claims 36 and 37 depend. No new matter is added by way of claim amendment.
